# A NEW WAY TO SPEND ON HOLIDAY

There is now a new way to carry and access your holiday spending money when travelling overseas. The Cash Passport is a card you pre-load with Euros, US Dollars or Sterling in the UK before travelling and as with a debit card, you can then use the card to pay for goods and services in millions of retail outlets worldwide, or to withdraw local currency via ATMs. However, as the cards are pre-paid, you know exactly how much you are spending – so there are no nasty surprises from your bank on your return!

## Why use a Cash Passport?

- It is safe and secure. The card is pin and signature protected and not linked to a bank account.
- You can easily re-load currency over the phone or at the original place of purchase.
- Free 24 hour emergency assistance (practical assistance for lost wallets or passport, medical emergencies, legal problems plus an interpretation service).
